ORDER:

In the reference 1st read above, Government have accorded permission to M/s.BPL Power Projects (AP) Private Limited to draw the requirement of 1.60 Cumecs of water through infiltration Gallery in the Bed of River Godavari. Accordingly the Administrator-Cum-Chief Engineer, SRSP has concluded an agreement with M/s.BPL Power Projects(AP) Private Limited.

2. In the reference 2nd read above, M/s.BPL Power Projects(AP) Private Limited has represented that due to construction of Sripada Sagar (Yellampally) Project in the upstream they are deprived of this facility of water drawal and hence requested permission to draw water of 2.20 TMC per annum from Sripada Sagar (Yellampally) Project for their proposed plant at Ramagundam.

3. In the reference 13th read above, the Chief Engineer(Projects), Irrigation, Karimnagar has reported that after conducting simulation study of the requirement of water including that of M/s.BPL Power Project (AP) Private Limited in the total water demand/allocation from the Project, the success rate of irrigation will be 62.5% which is below the acceptable limit of 75% as per CWC guidelines. Therefore it would not be feasible to allocate water to M/s. BPL Power Project (AP) Private Limited from Sripada Sagar(Yellampally) Project.

P.T.O.,

3. In the circumstances reported by the Chief Engineer(Projects), Irrigation, Karimnagar and in view of the minutes of the meeting held between Chief Engineer(Hydrology), Chief Engineer(PCLIS) and Chief Engineer(Projects), Karimnagar in the reference 9th read above and based on the simulation studies as reported in the references 11th and 13th read above, Government hereby accord permission for allotment of 2.20 TMC of water to M/s.BPL Power Project(AP) Private Limited at Ramagundam for lifting water from river Godavari in down stream of the barrage through infiltration gallery in the river bed as was permitted earlier vide reference 1st read above and utilize the same for their needs as per original agreement.
